Respite Care

Caring for a loved one can be rewarding, but time off for both of you is essential. Respite care is a short break from caring that allows carers the time to recharge their batteries while offering their loved ones the reassurance of 24-hour care.

We provide the highest standard of care in a safe and comfortable environment tailored to individual needs. A short stay can be worthwhile for many reasons:

- 🏠 You need to take a holiday, a weekend or a few days to recharge your batteries.
- 🏠 A relative or patient is recovering from an illness/operation and needs extra support.
- 🏠 You are feeling unwell yourself and need time to recuperate.
- 🏠 Together you are considering a care home for a loved one and they would like a short stay first.

Food & Catering

Good healthy food is at the heart of our homes. All our chefs, cooks and kitchen assistants are fully-qualified, and all our care staff and nurses are trained in food safety.

There is home baking every day and we use fresh ingredients as often as possible to create a range of appetising dishes. Our kitchens are audited internally every month and externally every year by the Food Standards Agency.

There is a choice of dishes at every meal-time but if nothing on the menu takes your fancy, we will always offer alternatives. Special diets are catered for to accommodate clinical or cultural needs and snacks and fresh fruit are available at all times, including during the night.

Residents can choose to eat meals in our home's sociable restaurants or privately in their own rooms dependent on their personal preference at any period of time.
